Dans l'Atelier (In the Workshop)

A show for all ages from 8 years and up

Duration of the show: 18 minutes

Number of spectators: maximum 130

STAGE AREA

- dimensions: 4m x 2.7m x 2.2m (minimum)
- total blackness
- set-up: 1hour
- dismantling: 1-2hours
- for the audience: tiered seating is indispensable (rows of seats or cushions on the floor, medium-high benches, chairs, tables or standing room for adults behind the tables)
- stage hands to assist in loading and unloading
- make sure a vacuum cleaner is available and someone to operate it after each performance

SOUND

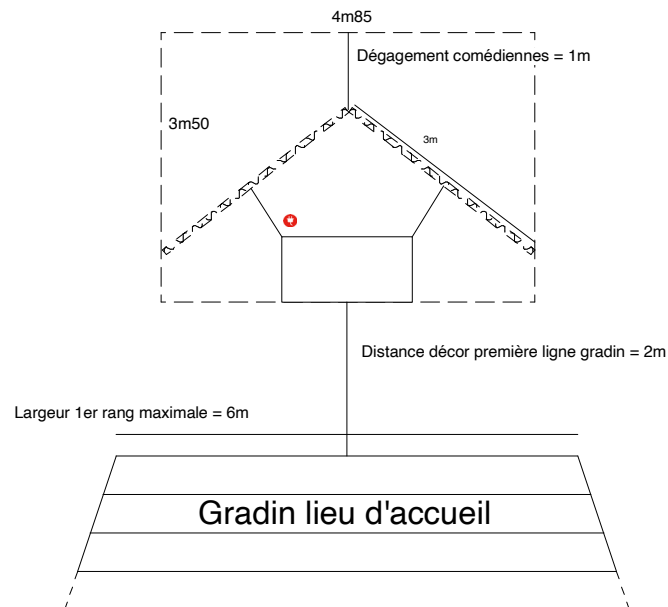

- Stereo PA (XLR input)
- we bring an iPod(controlled outside the stage by the technician)

LIGHTING

- We provide our own lighting. The lighting control booth needs to be in the house as it is operated by the performers themselves.
- there should be an electrical outlet stage right (16A single-phase circuit)

LEGENDE

- Espace décor minimum requis :
ouverture = 4m85
profondeur = 3m50
hauteur de 2m20
- ~~~~~ Pendrillon noir
largeur de 3m
-  Prise de courant direct

Minimum area requirement for performance area:

Opening: 4.85m

Depth: 3.5m

Height: 2.2m

Black curtain leg

3m wide

Direct power outlet

Free space for the performers = 1m

Distance from the first row = 2m

Maximum width of 1st row = 6m

PRESTIGIOUS WINES AND FINE LIQUORS...

Unlike some of our colleagues in show business who have a tendency to replenish their private wine cellars during touring or to stock up on gifts for the family, our team likes to feel welcome...modestly!

All we require in the dressing room are a few snacks, coffee and tea and lots of bottles of water.
